

ECHOES OF CEDARVILLE October 2022

Cedarville Area Historical Society

Museum Updates

It's not every day that you celebrate your 100th birthday. And that's just what Cedarville Area Historical Society long time member Paul Fry did...with not one but two birthday parties. An open house was held on Tuesday October 4th at his residence at Winn Prairie and on Saturday he celebrated again with a luncheon for friends and family at The Muse on Cedar Creek.

New Roof For The School

In June of this year, the CAHS board agreed that it was time to replace the existing 40+ year old roof of the School/Museum. So under the tutelage of Galen Bertram, the board's treasurer, the task of collecting bids for the work that needed to be done was begun. During the bid process, it was found that there were two layers of existing material and a layer of cedar shake shingles that would need to be removed. And so it went. While the bid process was in the works, Jim Bade, President Emeritus started the fund raising campaign off with letters to members, friends, and supporters of the Historical Society. The campaign was very successful and due to donations from many generous donors, the funds for the new roof and a small cushion for the "just in case" possibilities were secured by summer's end. Securing the funds allowed us to select our contractor and schedule the work. MAS Roofing, Siding & Decking of Freeport was the chosen contractor and they quickly got to work on securing the materials and scheduling the job for early October. MAS said they would arrive on Monday, October 3rd and finish Wednesday October 5th and that is exactly what they did.

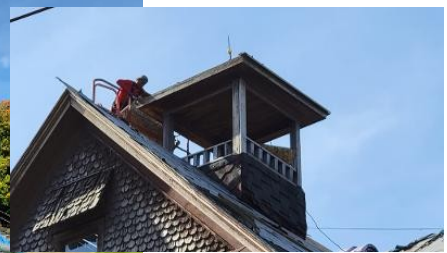

View of roof in June. Wood under shingles was found to be rotted. The Cupola or Bell Towers damage would have to be determined once the workers started the actual work on the roof

Start Up

Workers, supplies and equipment were there by 8:00, including shingles, sheets, felt paper, and JLG Lift (or man lift). Thank you Galen for sharing the name of the equipment

Second Work Day

By Tuesday am, sheeting and most of the synthetic felt paper on the west side was done. South east section still had the old shingles on it. End of day saw that all shingles were removed. Please note the very hard working workers: You certainly cannot be afraid of heights

Final Day

The roof was completed when MAS said it would be and it came in on budget. When the work was done, the workers from MAS made sure that the property was cleaned up. Not a trace of shingles, paper or garbage of any kind was left on the property

Cooks Corner

BASIC STUFFING RECIPE

(For 6-8 lb. chicken or turkey)

2/3 c. shortening, melted	1/2 t. pepper
1/2 c. chopped onion	1 T. poultry seasoning
1/2 c. chopped celery	1 1/3 T. chopped parsley
1 1/2 t. salt	1 1/2 c. hot water
16- 18 slices bread, cut in cubes
